

Advance Modular Carpet Backing™ Limited Lifetime Warranty

We extend certain warranties that cover products manufactured with Advance Modular Carpet Backing™. These warranties protect the original end use purchaser against performance deficiencies in specific categories. The length of time covered by each warranty listed below is for the useful life of the carpet, provided that (1) the carpet is installed using the full spread modular adhesive method and other guidelines described in our Advance Modular Carpet Backing installation instructions, and (2) the carpet is maintained in accordance with our carpet maintenance instructions

NOTE: *The use of Advance Modular Carpet Backing Adhesive is required and must be ordered with the carpet.*

WARRANTIES

For carpet backed with Advance Modular Carpet Backing, the following lifetime warranties apply:

TUFT BIND (edge ravel, yarn pulls, zippering): Under normal use carpet will not fail to perform due to insufficient tuft bind as evidenced by edge ravel, yarn pulls, or zippering.

DELAMINATION Under normal use, carpet will not fail to perform due to the delamination of the secondary backing.

DIMENSIONAL STABILITY Under normal use and atmospheric conditions, Advance Modular Carpet Backing is dimensionally stable and will not shrink, grow, cup, or dome.

Should our Advance Modular Carpet Backing product fail to perform as warranted above, we will resolve the deficiency at our discretion by one or more of the following methods at no charge for materials, freight, and labor: A) repair the affected area, B) replace the affected area with comparable product, or C) refund the full purchase price of the product in affected area. If carpet is to be replaced, areas must be cleared at the customer's expense of all equipment, furnishings, partitions, and similar materials that may have been placed over the carpet subsequent to completion of the original installation. In the event replacement is to be made for carpet that is not a current product manufactured by us, replacement will be made with a comparable style from the current product line.
